(i) The M.'s letter is cited for perusal. It is stated that Mr Ray resubmitted the bill for Rs 2125- for the work unauthorisedly done by him and prayed for reconsideration of the order passed on 28th November 1933. The various history of the case is detailed in the M.'s letters of the 12th December 1931 and 29th June 1934.

2. Mr Ray is reported to have admitted his mistake of having executed the work unauthorisedly and to have undertaken to complete the work of extension absolutely necessary at a cost of Rs 12,500 to be paid to him in two annual instalments.

3. What the M. has now proposed is (i) that sanction may be accorded to the extension of the chattram building at an estimated cost of Rs 8161 (including the amount of Rs 2125 claimed by Mr Ray) and to the reimbursement to the Steps at a cost of Rs 2414;

(ii) that Mr Ray may be permitted

When the draft order on the subject was submitted it was suggested that the Sangrai Comr. may be asked to communicate to Mr. Roy the orders of govt but this was not approved. It is therefore a point for orders whether the orders of govt. in the matter may be communicated to him directly or whether the Sangrai Comr. may be requested to do so, as Mr. Roy wants a reply to his representation.

31 JULY 1936

SIR,

Extension to H.H. the Maharaja's Chattram at Benares.

With reference to your letter No.119/Muz.dated 16-7-1936 forwarding for necessary action or report, letters received from Mr. Ray re. the above, I have the honor to state that Mr. Ray re-submitted the bill for Rs2,125 for the work unauthorisedly done by him and prayed that as it was not possible to remove and take away the foundation and masonry work orders previously passed in G.O. No.761-3/Muz.159-31-13 dated 28-11-1933 may be reconsidered. Subsequently he came from Benares and personally represented to me that he would undertake to complete the work of extension at a cost of about R. 12,000 and receive payment in two annual instalments.

2. The previous facts of the case are detailed in this office letters dated 12-12-1931 and 29-6-1935 and Government orders passed thereon. Mr Ray has admitted his mistake more than once but submits that the work was done under a misapprehension and in good faith. In view of these representations, it seemed to me that the case of Mr. Ray deserved some consideration and I accordingly wrote to Mr. N. Lakshminarasimhiaya, Executive Engineer, Hassan, who had inspected the building in September 193 and reported that the marginally noted items of work amounting to R. 18,000 were necessary, to scrutinise the estimates once again and furnish information about the approximate cost

	Rs.
Construction of out-houses	11,892
Water Supply	245
Sanitary fittings	1,841
Electric lights	571
Furniture	795
Vessels	242
Ghat steps	2,414

that will have to be incurred for completing the out-houses and repairing the steps of the Ghat, which are the two items of work requiring urgent attention. A copy of his reply is enclosed for perusal. He estimates that these two works may be completed by a further outlay of R. 10,575.

3. Many distinguished visitors from Mysore and elsewhere have stated that there is urgent need for completion of the unfinished portion of the buildings for which foundation has been laid. Mr. Y. K. Ramachandra Rao, Superintendent, Ways and Works, Mysore Railways, who visited the Chattram on the 12th instant, has observed that the rooms at north-end have no protection on the west and that this inconvenience will be remedied when the verandah for which the foundation has been laid is roofed. Mr. Lakshminarasimhaiya also told me that it was desirable to complete the outhouses and that Mr. Ray's work was satisfactory. I enclose herewith 2 photographs left with me by Mr. Ray from which it will be seen that the incomplete building without steps does not present a descent appearance and that the proposed works are very necessary. In view of these considerations and of the revised terms of payment offered by Mr. Ray, I am of opinion that the extension of buildings at an estimated cost of R. 8,161 (including the amount claimed by Mr. Ray) and improvement to steps at a cost of R. 2,414 may be sanctioned and Mr. Ray permitted to complete the works as expeditiously as possible. As regards the ways and means for meeting the cost, a moiety of the estimate may be met from the closing balance of the Chattram Savings Fund this year, the other half being provided for in the budget estimates of the Fund for 1937-38.

4. If Government approve of these proposals, I request that the estimates may be forwarded to the Chief Engineer of Mysore for scrutiny and sanction conveyed to me for taking further action. The estimates and other enclosures are sent herewith.

I have the honor to be,
Sir,
Your most obedient servant,

Muzrai Commissioner.

D.O. No.143 dated 22-7-36 from the Executive Engineer, Hassan Division, Hassan, to the Muzrai Commissioner in Mysore.

I am in receipt of your D.O. letter 1212/35-6 dated 10th July 1936. I have gone through the records carefully. I remember to have sent with the abstract estimate sent in September 1935, a detailed revised plan showing the foundations as laid by Mr. Ray. I request that plan may kindly be sent to me so that the work done so far may be marked and returned. The amount of R. 3,909 paid, includes R 261-12-0 for sanitary fittings to the latrine. The amount actually paid for buildings works is R. 3,730-11-3. This sum could be deducted from the estimate of R 11,892. The estimate for improving the ghat steps is alright and requires no modification unless further damages have occurred to the steps subsequent to the preparation of estimate. The file of papers sent by you, is herewith returned intact.
